

## Prairie Flower no. 4

### CORRECTION

7. For the top leaf unit, gather (1) F-square and (2) K-squares. Using the SNF method, sew each K-square on opposite corners of the F-square as shown. The unit should measure 4" x 4". Repeat on a second F-rectangle noting the SNF of the K-squares will be in opposite corners.

8. Sew (2) L-rectangles to the outside of each top leaf unit as shown. Press. The units should measure 4" x 5". Make (2) units.

9. For the bottom leaf unit, gather (1) G-rectangle and (2) K-squares. Using the SNF method, sew each K-square on opposite corners of the G-rectangle as shown. The unit should measure 4½" x 5". Repeat on a second G-rectangle noting the SNF of the K-squares will be in opposite corners.
