# COMING HOME PANEL QUILT

QUILT SIZE: 52 ½" × 68"

Please read all instructions before beginning the project.  
Yardage calculated using a 42" usable width of fabric.

Please note that prewashing can shrink 100% cotton fabric.  
Always verify after washing and drying that there is still 42"  
of usable width available. Shrinkage can affect the size of  
panel motifs and fussy cutting sizes may need to be adjusted.  
If this is the case, add strips around the edge of the fussy cut  
piece to create a pieced unit that matches the size of the  
fussy cut dimensions given in the cutting instructions.

## GENERAL INSTRUCTIONS

Please check our website for any revisions before starting  
this project, [www.rileyblakedesigns.com/pattern-updates](http://www.rileyblakedesigns.com/pattern-updates).  
This pattern requires a basic knowledge of quilting  
techniques and terminology. The quilt and block diagrams  
portrayed are virtual images. The layout and look of your  
project may differ when using actual fabric.

WOF = Width of Fabric  
RST = Right Sides Together  
HST = Half-Square Triangle

## SEWING TECHNIQUES

Measurements include ¼" seam allowance. Sew with RST unless otherwise stated. Refer to the quilt photo for placement of the prints. Press seams as noted in each step for best results. Dimensions listed in steps are unfinished sizes unless stated otherwise.

Some pieces are constructed using the 8-at-a-time HST method. This method is described below and referenced throughout the pattern.

### 8-AT-A-TIME HALF SQUARE TRIANGLE METHOD (HST)

Place (2) squares RST. Draw two diagonal lines and one vertical and one horizontal line on the wrong side of one square. Stitch ¼" on each side of the drawn diagonal lines. Cut on the drawn lines to create (8) HSTs. Press toward the darker fabric. Trim HSTs to desired size.
