## ASSEMBLY INSTRUCTIONS

### SEWING INSTRUCTIONS

You can sew together blocks more quickly if you use chain piecing. Chain piecing is when you sew blocks together in a row, then sew the blocks in the next row, without cutting the thread. Clip the threads before sewing the next piece to the row.

#### Chain Piecing Tip:

To make block piecing even faster, chain piece each row together and do not clip the threads between rows. There will be a small bit of thread between each row, holding the rows together. This makes organizing your blocks even easier! You can press each row in opposite directions, then sew the block together, lining up the nested seams.

### BLOCK 1 INSTRUCTIONS

All blocks are sewn together with the same method.

1. Look at the image for Block 1 above. Start sewing with the top two squares on the left. In this block, they are all white squares. Place them RST and sew a seam on the right side of the square.

2. Without cutting the thread on your machine, place the two left squares in Row 2 RST, and sew a seam on the right side of the square.

Continue down through all five rows in Block 1. Press the seams to one side, alternating the direction each seam is pressed. Fig. A

3. Sew the third column of squares to the right side of each of the rows you just created, using chain piecing again. Clip the chain piecing threads and press each square the same direction as the rest of the row. Fig. B

4. Continue with the fourth column of squares in Block 1. Fig. C

5. Sew the rows together (Row 1 to Row 2, Row 2 to Row 3, etc.). Press the seams for each row down. The block will measure 8 1/2" x 10 1/2".

6. Repeat the steps given for Block 1 to create Blocks 2-8 for Row 1.

## QUILT ASSEMBLY

## QUILT LAYOUT DIAGRAM

15. Assemble quilt by sewing together all rows. Press all seams down.

16. Sew the two 4 ½" x 70 ½" border strips to the left and right sides of the quilt top. Press towards the borders. Sew the two 4 ½" x 72 ½" border strips to the top and bottom sides of the quilt. Press towards the borders.

The quilt size with borders attached is 72 ½" x 78 ½".

17. Layer together quilt top, batting, and backing, and quilt as desired.

18. Sew the binding strips together end-to-end, then press in half longways, WST, to create double fold binding. Bind quilt as desired.
