

Outdoor Tablecloth

The RBD Designers

Outdoor Tablecloth

Finished Size: 41" x 41"

Fabric Needed

Laminated Cotton: 1 ¼ yards

Cutting Instructions

Trim Laminated Cotton to 41" x 41", eliminating selvage edges.

Sewing Instructions

1. Hem

Fold edge over 1/4". Finger press.

Fold another 1/4". Finger press.

Stitch down side.

Repeat for other 3 sides.

***Notes:**

1. This size works well for a 30" x 30" card table. Pattern can be lengthened to fit any size table – just make sure that you purchase about 12" more laminated cotton than the length of the table.
2. You may find it helpful to use a teflon foot on your sewing machine, or adding tape to the bottom of your presser foot to allow the laminated fabric to slide through when hemming.
