

PROJECT UPDATE

Prim Quilt

PROJECT UPDATE #1

If the date on the inside bottom right corner of your USB Package is **DEC25** or later, these updates have already been applied and no further action is required.

Date of Update:
12/17/2025

Thank you for your recent purchase of the Prim Quilt! This update corrects the instructions for Prim Steps A-N (Hoops 17-30). The trim sizes shown in the Trim Size Chart are correct. The update to the instructions is shown below.

1. Remove the block from the embroidery hoop.
2. Do not remove No Show Mesh as it will provide stability to the block.
3. Place the block face up on a Jillily Studio Press It Pad and gently press with a warm iron and no steam.
4. Following the measurements below for your chosen project size, trim the block using the Guide Outline stitch as a guide (in the event that any slight distortion has occurred during the embroidery process, cut line may vary slightly from Guide Outline).
