How To Use This Sew Along Guide

The Farm Fresh Sew Along Guide is designed to be a GUIDE. Please note it is NOT a pattern. It was built for organizational purposes ONLY and designed for you to Bee Prepared to follow along with Lori's detailed instructions in her Farm Fresh Sew Along blog posts and videos.

Both the *Farm Girl Vintage* and *Farm Girl Vintage 2* books by Lori Holt are required for this sew along and contain the cutting and step-by-step instructions for each block. The cutting and assembly instructions for the setting and finishing are included in this Guide.

Please see page 3 for the schedule of each block and visit Lori's blog at beeinmybonnetco.blogspot.com on the listed dates.

SEWING TECHNIQUES

Sew all seams RST and with a ¼" seam allowance unless stated otherwise. Refer to the Quilt Layout Diagram for placement of the prints. Press seams as desired unless stated otherwise. Dimensions listed in steps are unfinished sizes.

WOF = Width of Fabric

RST = Right Sides Together

CUTTING INSTRUCTIONS

When cutting fabrics, use a straight edge ruler and rotary cutter. Measurements include ¼" seam allowance. Label, allocate, and organize all cuts as noted.

The following cutting instructions are for the setting, borders, and binding. Cutting for each block is found within the *Farm Girl Vintage* and *Farm Girl Vintage 2* books by Lori Holt.

Note: To make the best use of fabric, cut the fabrics for the setting, borders, and binding as listed below first.

When cutting fabrics for each block, it is not recommended to cut WOF strips. Cut each piece individually and set aside all extra fabric and scraps for future blocks.

FINISHING INSTRUCTIONS

6. Layer your quilt top, batting, and backing. Baste the quilt layers together and quilt as desired.
7. Add optional trim and finish with the Sage Ticking binding strips. Note: If using the optional trim, cut (4) pieces of Large Sage Vintage Trim the same length as each side of the quilt. Lay the trim even with the raw edges and baste into place, $\frac{1}{8}$ " from the raw edge. All of the trim should be on the quilt. Bind using your favorite method. An $\frac{1}{8}$ " of the trim will show on the top of the quilt after binding.
