## About the Company

The *Pindots* polka dot print in primary and some secondary colors give you the strength of a solid but with a touch of elegance. Pair it perfectly with print texture variety or use it straight and plain for appliqué master piece creations. There is no limit to what you can do with a bit of pindots working for you to complete a project already under way or to create new ones that make you say "Now that's a quilt!" Pindots have become my favorite go to and cherished by many quilters too.

The classic light background give quilts that extra touch of class and the red, yellow, blue, green primaries gets you started to mix and play with everything between. From vines and leaves and flowers and trees, to bold checkerboard piecing or just finish it up binding these pindots give you that extra sparkle pizzazz for your head, heart and hands creating, sewing, piecing singing something wonderful.
