Introducing Riley Blake Designs and Hometown Leatherworks

We've teamed up with Hometown Leatherworks, a family-owned and operated small business in the great state of Missouri. Each of their leather products are proudly American-made by hometown artisans, because nothing says quality like a touch of hometown love! Each and every one of their creations are crafted from 100% full-grain leather, promising you and your customers years of enduring style.

Our first collection includes leather keychains, earrings, folding scissors with a leather pouch and a rotary cutter sheath. Featuring hand-selected artwork from some of your favorite RBD Designers and quilt projects, there's something for every quilter or sewist! These make wonderful gifts for birthdays, guild swaps, friend-iversaries, or just because.
