About The Royal Horticultural Society

The Royal Horticultural Society (RHS) was founded in 1804 and is the UK’s largest gardening charity.

The RHS vision is to enrich everyone’s life through plants and make the UK a greener and more beautiful place via its inspirational gardens and shows, science research and advisory, extensive library collections and far-reaching education and community programmes. With over 600,000 members the RHS also shares its horticultural knowledge and expertise with millions of people every year through its website and publications.

In 2021, the RHS launched its Sustainability Strategy, committing to be net positive for nature and people by 2030. The supporting RHS Planet-Friendly Gardening Campaign will continue to harness the power of the UK’s 30 million gardeners to help tackle the climate and biodiversity crisis.
