Delightfully delicious, Frozen Grapes features a palette of purples and smokey teals. When visiting with your Sales Specialist, you'll discover a double header, connected by the length-of-fabric – a hand-painted wood grain stripe with a Tjap application in contrasting color. Don't miss these corresponding quilt patterns!

This collection is a great presentation of color, showcased in a case pack and/or precuts!

Coneflower Corner by Jill Finley of Jillily Studios

Flip this coneflower on its head! Piece the log cabins with purple and applique the petals with smoky teal. We love the mix of techniques and know first-hand that batiks work so very well for a pressed, crisp edge in applique. This project features a traditional block with a twist. Create a back to basics class and layer in applique techniques.
