Rosette Panel Quilts by Gerri Robinson of Planted Seed Designs

Rosettes Quilts

The three FREE quilt designs are all easy and fun to make! One adds simple borders to the panel. Another uses basic strip piecing to create a rail fence border. And another uses classic snowball blocks arranged in a blossom design border. With three background colors -- cloud, black, and silver -- you'll want to make them all!

The panel can be used as the focal point for the FREE quilt designs OR for the true traditionalist, a placement guide for your appliqué pieces. Either way, you can't go wrong!

Rosette Panel Inspiration

I've ALWAYS admired Millefiori Quilts but knew I would never slow down long enough to tackle such a work of beauty.

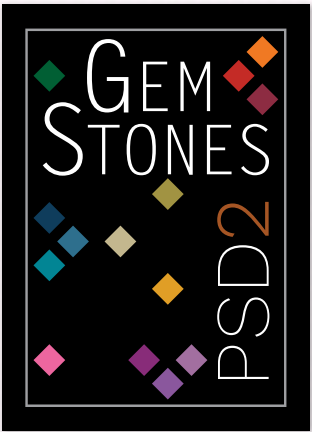

That didn't stop me from thinking outside the box and finding a new and creative way to create my own version of a Millefiori quilt using my Blooming Blossom plastic templates.

You read correctly! My Blooming Blossom plastic template shapes were the SOLE inspiration and creation for my Rosette Panel!
