Gone Glamping Home Dec Panel

How to make your Dish Towels

1. Cut out dish towels & finish edges with a rolled hem using your sewing machine.
2. Optional - Embellish with trim or use bias tape to sew around all edges!
3. Enjoy using these dish towels in your kitchen.

How to make your Hot Pads

1. Cut out Hot Pad fronts on the dashed lines.
2. Cut a rectangle of heat resistant batting; AND a piece of backing fabric measuring approximately 2" larger than the Hot Pad front.
3. Layer Hot Pad front, heat resistant batting, and Hot Pad back fabrics together with the Hot Pad front and the Hot Pad back fabric right sides facing out. Pin into place.
4. Sew directly on the edge of printed Hot Pad front design all the way around.
5. Trim excess leaving an approximate 1/8", seam allowance around stitching.
6. Sew 1/4" bias tape around all edges with narrow side on top. Take care to catch the underside of the bias tape as you sew. You will need 1 1/4 yards of bias tape for each hot pad.
7. Before ending, form a hanging loop with the bias tape for hanging. Fold raw ends of loop under before sewing into place. Backstitch to secure.

*You may use two layers of heat resistant batting with 1/2" bias tape for thicker hot pads.

The projects portrayed are virtual images. The look of the projects may differ with actual fabric.

The project virtual(s) shown may be different than the image shown on the pattern cover.

Approximate fabric requirements are listed to aid in estimating the amount of yardage to order and are subject to change.

Backing yardage is shown using the best use of fabric and may not be intended for directional fabric.
