

By popular request! We're proud to introduce you to The Mothman from the Legends of the National Parks collection.

Our friends at Anderson Design Group said, "We've heard horror stories about strange creatures that others have seen, heard, (or felt). We've uncovered tall tales of unexplainable events, ancient myths, and local stories passed down by Indigenous Peoples, colonial settlers, and park visitors. Many of the legends we've come across are based on Native American folklore, and to the best of our abilities, we've indicated which tribes were associated with each story, being careful to respect the sacred traditions of Indigenous beliefs. As we continued to dig deeper, we realized that cultures from every continent on the globe have their own rich traditions of mythology that feature bizarre, creepy, and quirky legendary beings."

About the Company

Everything you see here is original art, created with care by our team of artists at Anderson Design Group and produced by American printers who take great pride in their work. As artists and craftspeople, we are passionate about preserving the time-honored traditions and techniques of artists and print-makers from the 20th Century. We pick up where masters from the Golden Age of Illustration left off, building on what they began to create a whole new body of poster art for our generation. We travel all over America (especially the National Parks) for inspiration, but we love our hometown, Nashville, Tennessee. Each day, we get up and go to work, using our talents to create affordable, accessible art that makes us smile. Our goal is to connect with others by producing high-quality prints, books, and gifts that beautify everyday life. When you buy one of our creations, you provide opportunity for artists, print-makers, book binders, paper vendors, shipping partners and many others who take pride in working with their hands. Every print, postcard or book we produce is printed in the USA.
