The THREADWORK is the star!

All RBD & ME projects are designed with inventory flexibility in mind. Use fabrics from a Designer Collection, RBD Basics, or other inventory on hand. Easily swap in other fabrics just like any other quilt pattern.

Decorating the Tree: Fabric Only Kit for Machine Embroidery

PREORDER BY FEB 1ST
Available August 2026

To showcase how easy it is to recolor RBD & ME projects with different fabrics we've created a **fabric-only kit** for Lori Holt's *Decorating the Tree* Machine Embroidery Quilt using her charming *Baked with Love* collection.

This kit includes all the fabrics needed to make the **largest quilt size** (62½" x 67½"). If you're making a smaller size, you'll have **extra fabric**, perfect for stitching up some scrappy *Home Town Holiday* ornaments or stockings.

Please note: The USB with the instructions and embroidery files is sold separately (see details below).

PERFECT FOR MACHINE EMBROIDERY SHOPS

Fabric-Only Kits are a great option for stores that don't carry full fabric lines but want to offer RBD & ME projects.

CHOOSE YOUR FABRICS

Comprehensive shopping lists are available, showcasing this machine embroidery quilt project made with:

- The original *Home Town Holiday* collection
- RBD Basics
- The new *Baked with Love* collection

The Prairie Post Office & Assets (Volume 5) of the Prairie Homestead Machine Embroidery collection by Modern Prairie brings the warmth and simplicity of prairie life to your home. This collection features our patent-pending Tab & Brad™ system, a no-sew assembly method that transforms the way freestanding structures are created in the hoop!

This volume brings you to the center of communication, the post office. Neither snow nor rain will keep the post office from joining the Prairie Homestead collection. Included in this volume are a bench, a message board and a stagecoach, as well as a patriotic quilt for the barn.

Add piece by piece to this timeless vision of an era when life slowed down, and fleeting moments turned into treasured memories.

New buildings, asset packs, and more will be released every few months so you can continue to build your Prairie Homestead collection.

Patent-pending Tab & Brad™ system
