

Stitch Your Sewing Room

10" Stacker Project

Shown using the
Threads of GRACE
by Kassidy Grace
10" Stacker

Create a beautifully coordinated sewing space using just one 10" Stacker!

Stitch Your Sewing Room features a Door Banner, In-The-Hoop Project Bag (with a fully installed zipper), Needlebook, Pincushion, and Elegant Quilt Label.

These projects teach useful techniques you'll return to again and again. Learn clean zipper installation in a single hooping, master tiny piecing effects with simple appliqué and threadwork, and personalize your projects with quick quilt labels. Our fully illustrated instructions have been written using a 10" Stacker from the stunning

Threads of Grace collection by Kassidy Grace, but **Stitch Your Sewing Room** has been created to easily substitute any 10" Stacker.

(See reverse side for more details)

*Projects are virtual mockups and are not shown to scale
