About the Line

Take a step back in time with Lori Holt’s latest collection called PRIM. Lori’s inspiration for this line of fabric comes from an earlier period of history which was reminiscent of gentler times, when things were simple and all things were homegrown and handmade with love...when friends and neighbors worked and worshiped together and put their hands to work and hearts to God.

Pull up a comfy chair, make yourself at home...and allow PRIM to tug at your heartstrings as well as your creativity!!
