About the Line

Rachel Ericson
@citrusandmintdesigns

When Riley Blake Designs asked me to design a fabric collection for my son, I asked him what he would like. He replied “space cats... or shark teeth, rawr!” Thus Riptide became a collection of what my family loves about our local beach (aka one of the best shark tooth beaches in the United States). On any given Saturday you will find my husband and daughter surfing, my son digging to China in the sand, and me combing the surf for rare shells and shark tooth fossils--hoping to one day score the elusive Megalodon shark tooth. I wish to bring our beach a little closer to you through this fabric, and subconsciously convince you to visit in real life.
