## About the Line

Like many mothers, I want to curate a home that welcomes the adventurous spirit of play, but also feels like “me.” This collection was inspired by the messy, imaginative hours my boys spend around our train table. Classic elements of childhood – trains, railroads, mountains, forests – are curated into colors and designs to fit a modern home aesthetic. The goal of this fabric is to inspire children and mothers alike to flourish in a home that fosters love and belonging.
