About the Line

Heather Peterson
@ankastreasures

I’m from Minnesota, where we have winter for about five months out of the year. As soon as the first snowflakes start to fly, I hang my collection of hand-cut paper snowflakes around the house. I watch them all season, and they just make me happy.

My love of snowflakes has led me to collect a few other complimentary decorations. I like to mix in pine boughs, red berries, snowmen, and trees – anything to make my home warm and cozy during the long winter. It’s easy to see that all of these things inspired the different prints in this fabric line. The combination is fresh, yet warm and inviting.

Now I can’t wait to get “Snowed In” this winter with a pile of this fabric and create quilts for my home with that same look and feel. In Minnesota, being Snowed In can be one of the best things – you can’t get out, so no going to work or activities. It’s the perfect time to quilt!
