# About the Line

As a follow-up to our beautiful *Strength in Pink* collection that benefited breast cancer research, we are thrilled to release *Strength in Lavender*. The lavender ribbon typically represents all cancers as a whole as well as cancer survivors. To that, we are honored to donate to the Huntsman Cancer Institute whose mission is the creation and improvement of cancer treatments, to relieve the suffering of patients with cancer, and to provide education about cancer risk, prevention, and care.

The florals, ribbons, butterflies and stunning panel of this collection evoke hope, faith and courage for all cancer warriors.

**More About Huntsman Cancer Institute (HCI)**

Huntsman Cancer Institute at the University of Utah is a nationally recognized research center and treatment hospital in Salt Lake City. HCI treats all kinds of cancers. It is one of the few centers designated as a Comprehensive Cancer Center, the highest federal rank possible for a cancer research organization. The HCI Vision is: Passionate individuals and teams delivering a cancer-free frontier through scientific discovery and human touch.
