Additional notions needed:
• 2 pieces: 9"x11" fusible craft interfacing
• 1 piece: 8"x8" fusible craft interfacing
• 2 buttons
• Coordinating thread
• Fabric marking pen
Optional: Rick-Rack trim or other ribbon

Project: Pretend Mail
Instructions:
Seam Allowance: 1/4" unless otherwise noted.
Place envelope front on top of envelope back, right sides together. Sew all the way around, leaving a 2"-3" opening along one side. Clip the corners, turn right side out and press. Topstitch around entire envelope to close the opening.

Project: Valentine Chair Bag Pattern
Instructions:
Seam Allowance: 1/4" unless otherwise noted.

Step 1: For the flap, apply fusible interfacing to the wrong side of the exterior fabric.

Step 2: With right sides together, sew both flap pieces together leaving the straight edge open. Clip the curved edge of the flap. Turn right side out, press and topstitch.

Step 3: Apply fusible interfacing to the wrong side of the exterior fabric pieces.

Step 4: Apply the embellishments to the front and back of the exterior body pieces. Press both long sides of each fabric strip 1/4" towards the wrong side of the fabric. Place the fabric strips 3" from the bottom of the bag and topstitch to the bag.

Step 5: Attach the buttons just above the strip on what will be the backside of the bag. Each button should be approximately 2.5" from the center of the bag back.

Step 6: Place the exterior fabric pieces right sides together. Sew down both long sides and the bottom. Then place the lining fabric on top of each other with right sides together and sew down both long sides and the bottom. Leave a 4" opening at the bottom.

Step 7: Create box corners for the exterior and the lining pieces by pinching the corners to create a triangle. Using a ruler, mark a line 1-1/4" down from the top point of the triangle. Sew on top of the line you have drawn. Trim the excess fabric. Turn right side out and press.

Step 8: Place the strap pieces right sides together (one of each print) and sew together leaving the short, straight side open. Clip the short, curved side. Turn right side out and press. Topstitch around the edge and a buttonhole to each strap towards the bottom curved edge. The size of the buttonhole will vary based on the buttons you have selected.

Step 9: To assemble the bag, baste stitch the straps in place 1/2" from the side seams of the exterior of the bag, lining up the raw edge of the straps with the top, raw edge of the exterior of the bag back. Place the side of the fabric that you don't want to show as much towards the exterior side of the bag back.

Step 10: Place the flap piece on top of the straps (right sides together) to sandwich the straps in between the exterior bag back and the flap. Line up the raw edge of the flap with the raw edge of the top of the bag back and straps and sew across the top at 1/4" to secure in place.

P11417-PANEL

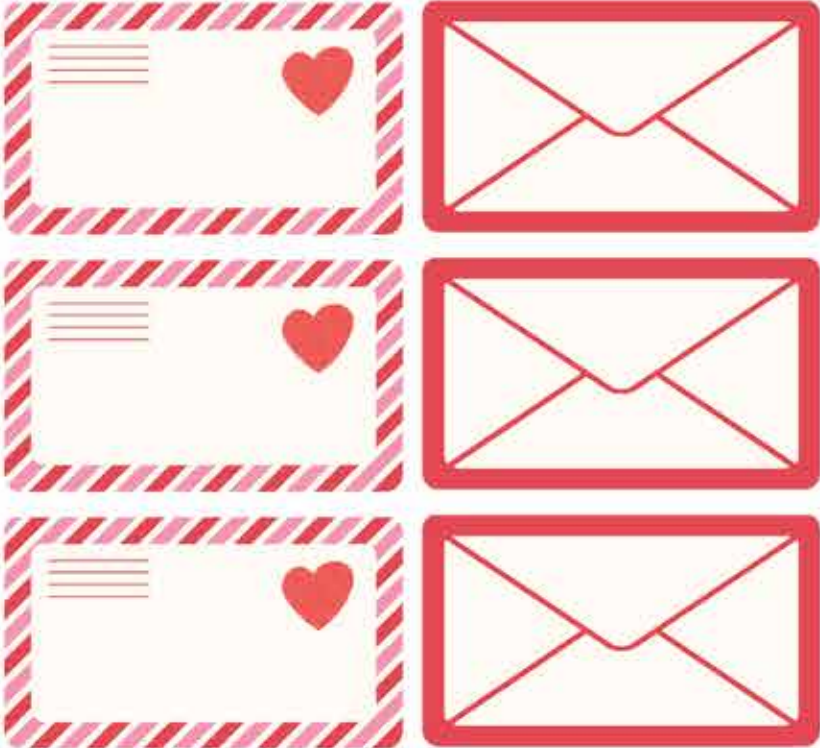

inside out. Place the exterior of the bag into the bag lining. Right sides should be together with a 1/2" seam allowance.

through the hole in the bottom of the lining, press and topstitch around the top of lining closed.

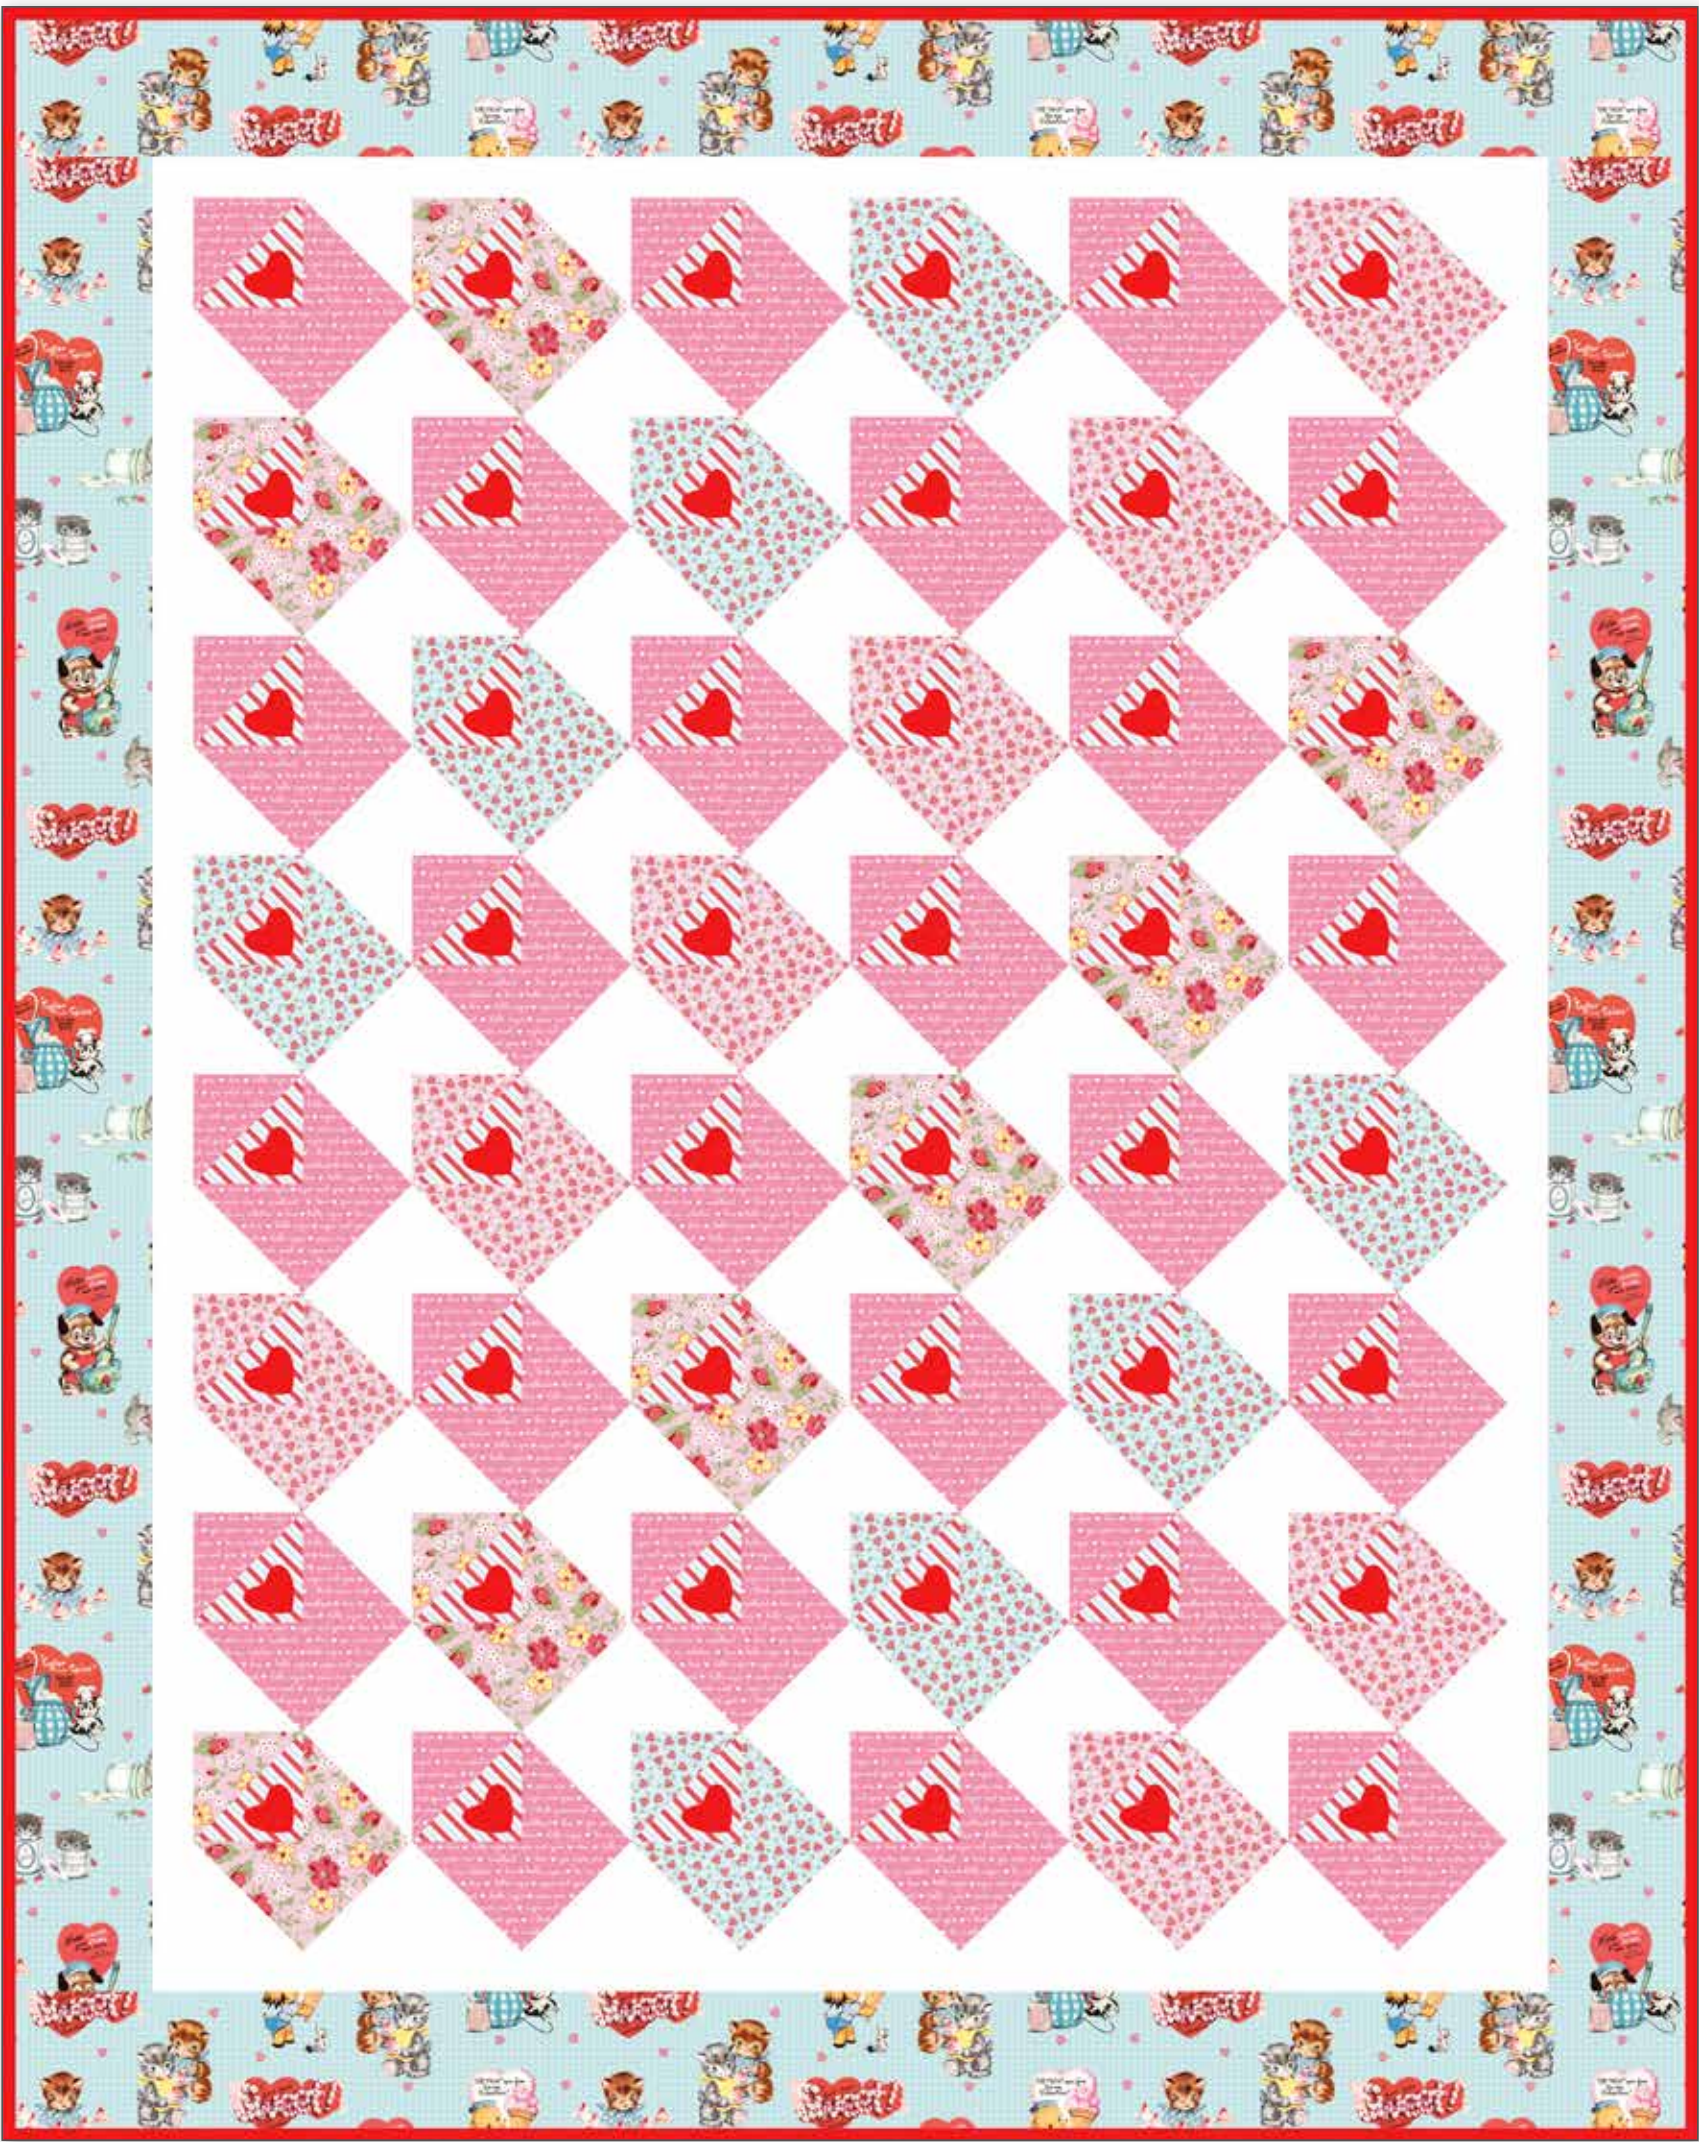

chair and place love notes or treats inside the Valentine Chair Bag!

About the Line

Lindsay Wilkes
@thecottagemama

Will you be my Valentine? Sugar and Spice was inspired by the sweet vintage Valentines’ passed between classmates back in the 1940s and 1950s. These little notes of love, sometimes paired with a sweet treat, were a special way to show someone how much you cared for them and as a token of friendship. In this collection, you will find nostalgic Valentine animal illustrations, a variety of heart prints, dainty florals, words of love and more!
