About the Line

Imagine the smell of coffee brewing and the warmth of a cozy quilt as you stare out the window overlooking a city park surrounded by towering office buildings. Michael's second batik collection is inspired by the urban loft lifestyle. The designs move away from traditional motifs, opting instead for deconstructed geometric patterns that mimic busy city architecture alongside organic freeform shapes that remind us that nature can exist within an urban setting. His understated color palette draws its power and versatility through a sophisticated range of neutrals featuring rich browns, creamy coffee, smoky charcoal, and silvery grey sky tones.
