## About the Brand

At Caterpillar we celebrate the people who move, shape, and power the world around us. To them, working 9 to 5 is a song not a reality, and neck ties and high heels are not allowed. It's real work performed by real people who cherish their families and communities - delivering tangible results, changing the world one project at a time. Whether paving roads, mining commodities or extracting the fuels to satisfy global energy demand, Cat® customers are helping to build a better world.

For more than 90 years, we have been driving positive change on every continent. With a dealer network around the world, Caterpillar serves more than 190 countries making us one of the world's most recognized brands. Our history is all about doing: creating, building, innovating, testing, improving. We are extremely proud of our rich heritage and our customers who are the backbone of the Cat brand.
